

Chambers USA covers all the states in the USA. Law firms that have a national presence are also ranked in our Nationwide tables (which focus on those firms that are the country's best in their respective areas of practice). **Areas of Law** In every state we rank the leading law firms in at least four areas of law: Corporate / Commercial, Labor & Employment, Litigation, and Real Estate. In most states we cover more than four areas of law, so that the guide overall covers 45 different practice areas on a state and national level.

Rankings at state-level are based upon the location in which a firm or lawyer practices regardless of where the clients, deals, and cases take place.
